**LETTER**

Dear Examiner Peeso:

This letter confirms the telephone conversation between the undersigned attorney and Examiner Peeso on October 10, 2006. At that time, discussion was had concerning the fact that the Notice of Allowability does not show a claim of foreign priority to International Application No. PCT/IB02/02289 nor the receipt of the certified copy of the priority document. Examiner Peeso indicated that the certified copy of the priority document has in fact been received and that there should be a claim made for foreign priority to International Application No.: PCT/IB02/02289.

During the telephone conversation with the undersigned attorney, discussion was also made concerning the Combined Declaration and Power of Attorney that was submitted in

I hereby certify that this communication is being sent via facsimile today, October 11, 2006, to Examiner Peeso at the U.S. Patent and Trademark Office, via facsimile number 1-571-273-8300.

response to the Notice of Missing Parts; in particular, that the first page of the declaration inadvertently does not identify the US application by serial number nor the international application from which foreign priority is claimed.

A substitute declaration will be submitted if it cannot be verified that the first page of the declaration executed by the inventors did not in fact include the US serial number and claim to foreign priority to International Application No.: PCT/IB02/02289.

Respectfully submitted,
